UNITED STATES INTELLIGENCE BOARD

MEMORANDUM FOR HOLDERS OF USIB-D-39.7/24

SUBJECT : Committee on Documentation Report of
Task Team VIII (Photo Chip)

REFERENCE : USIB-D-39.7/24, 26 January 1968

1. As of 14 February DIA, NSA, AEC and FBI had concurred without change or comment in the Committee on Documentation (CODIB) recommendations in Section D, pages 4 and 5 attached to the reference document.

2. State concurred with the following comment:

The first task of the working group should be the submission of a phased plan of work to CODIB and COMIREX for approval.

3. CIA concurred in the CODIB recommendations subject to the revision of paragraph D.3. to read as follows:

Direct the formation of a photo-chip working group, sponsored by CODIB and COMIREX, to provide for continuous monitoring of activities within the intelligence community relating to the development and standardization of concepts, procedures, equipment and other factors pertaining to the utilization of photo-chips as a major information-bearing medium. As appropriate the photo-chip working group will submit findings and recommendations jointly to CODIB and COMIREX.

Record of action attached. Also see Secretary's Note, USIB-M-498, item 8, 29 February 1968.

Memorandum for Holders
USIB-D-39.7/24

4. CIA recommends the above revision because it is believed that the function of the photo-chip working group, as set forth in paragraph D. 3., "to provide for continuing development and standardization of concepts, procedures, equipment and related factors necessary to realize the maximum value, within the intelligence community of photo-chips as a major information-bearing medium" is too sweeping and all-embracing, and in fact, cannot be fulfilled by a working group operating necessarily with part-time membership. CIA envisions the purpose of the working group to be keeping abreast of and monitoring developments in the photo-chip field on behalf of the two interested USIB committees, CODIB and COMIREX, and that this function would be both useful and within the capability of the working group.

5. The Chairman of CODIB, [redacted] has no objection to the above revision of paragraph D. 3. as recommended by CIA.
